Hi Cindy,  
Thank you for your clarifications regarding OP Leadership review for the Pre-FEIS. I will be sure to add Mary and Rose to the permissions when I upload the document to the SharePoint site.  
Regards,  
Molly

**Subject:** Pebble Mine admin FEIS

Hi Matt/Molly

One additional step with our OP leadership review – while they don't want a specific review, because Andrew Kloster, the Deputy Assoc Administrator for Policy is relatively new, he would like to have a hard copy of the admin version of the FEIS when it is received. We can print it off here, I just need to make sure we have access to the e-version.

Marthea and I have access to the sharepoint site at

## SharePoint link

If this will be where you will place the e-version once received, could you also add Mary Gary and Rose Brooks (our admin support) to the permissions? We'll likely have them helping us print off the documents once you have them loaded up.

Thanks!  
Cindy
